

CARING COMMENTS FROM PARENTS VIA FACEBOOK PAGE

Ashgate for me is inclusive, after my experience at mainstream school I felt very isolated and very low in mood. I am now made to feel welcome and party of the Ashgate family.

Ashgate is a very caring place. They look after the parents as well as the children.

Ashgate from the start of Nicholas' time has been very caring and understanding of his every need. But not only Nicholas but also very caring for our families needs. With full communication and support from teachers.
