

Vision Impairment Newsletter

Who we are?

Mel Tanswell- TA3/ CVI Practitioner

Shannon Hazlehurst- Teacher/ VI Support Team

Contact Number: 0161 359 5322

Email:

s.hazlehurst@ashgate.manchester.sch.uk

m.tanswell@ashgate.manchester.sch.uk

What we do?

- We work with the sensory support team to assess and implement activities to support all children in Ashgate school.
- We support all staff to understand vision impairments and if they have any concerns they speak to us and we refer them to sensory support team.
- Keep parents updated.

What is CVI and VI?

Cerebral visual impairment (sometimes called cortical visual impairment or CVI) is a disorder caused by damage to the parts of the brain that process vision. It's most common in babies and young children, but can continue into adulthood.

Visual impairment is the term used to describe a loss of sight that cannot be corrected using glasses or contact lenses.

Useful Websites and Apps to support children with visual impairment but also to support all children to concentrate and have a vision friendly fun:

- Heybearsensory.com
- www.clearvisionproject.org
- www.enib.org.uk

SPARK ART- Is a mark making app which your child can create colourful pictures and produces firework sounds.

SENSORY COLOCO– Mark Making 3D fan affect.

BROOM BROOM– Lots of fun, traffic noises and create your own roads using lines.
